Hi Paul...sorry I didn't see this sooner...it's fine to send the CIP to the repository as soon as you can. Thanks!

Helen:

Sorry, I didn't get your message until this morning. I'm assuming you are off today, which is why I'm not calling - but at the same time I assume you have your Blackberry near at hand.

We will get this into the AR. My only concern is timing - in your message you said before the holiday - if it is necessary that it be done that quickly - please send me a note and we'll move it to the top of the list. At the moment, "the list" is 7 deep and all need to be done by May 31.

I'm in the office and if you miss me at my desk and need to speak with me my mobile is

Ex. 6 - Personal Privacy

Thanks and have a GREAT weekend!

Paul
